Project Type (circle one): Commercial Residential Mixed

Water System ID (circle one): JC East 40-51-018 JC West 03-51-070

Project Name: _____

(description of project – include lengths and sizes of water mains, # hydrant, # services, and general location)

(description of project – continued)

Date Approved _____
(County use only)

JC Project No. _____
(County use only)

Application for Approval of Engineering Plans and Specifications for Water Utility Construction

Any documents submitted for review must be accompanied by a check payable to JCPU before the review will begin. Review fees are posted on the County's website, www.johnstonnc.gov.

This approval does not address all applicable laws, rules, standards and criteria, and other approvals and licenses that may be required by the local, state or federal government.

Johnston County gives this approval with the understanding that upon installation of such works, its operation shall be placed under the care of a competent person, and the operation shall be carried out according to best accepted practice and in accordance with Johnston County's and DENR's recommendations.

Johnston County has stamped and sealed the official copies of plans and specifications accompanying this application with the JC Project number of this application _____. Any erasures, additions or alterations of the proposed improvements except those permitted in 15A NCAC 18C .0306 make this approval null and void.

This approval does not constitute a warranty of the design, construction or future operation of the water system.

Signed: _____
